PETITION FOR STAY
MM DOCKET 92-266FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

RECEIVED

JUN 14 1993

FCC - MAIL ROOM

June 10, 1993

Ms. Donna R. Searcy
Secretary
Federal Communications Commission
1919 M Street N.W.
Washington, DC 20554

Dear Ms. Searcy:

Please delay the effective date of the Commission's rate regulations.
My reasons for this are:

1) I am an operator of a small system serving 750 subscribers from one headend in the Morton, WA area. I am not able to perform the necessary calculations without the help of either an attorney or an accountant. My budget is already stretched to the limit and I find now I need professional accounting help to calculate my benchmarks, which I cannot afford.

2) As of this date I have received no information from the FCC as to how to calculate the benchmarks or which worksheets to use. All the information I have has been taken from trade publications, which may or may not be totally accurate. I have yet to receive anything official from the FCC regarding rate regulations.

3) Being a small system operator, without the vast resources of an MSO, I feel I am at a distinct disadvantage when it comes to calculating my benchmarks. I do not have access to large accounting and legal departments to help me in the calculations. This will cost me considerable sums of money in legal and accounting fees.

Sincerely,

E.M. Fairhart
